

Fulbright Postdoctoral Research Fellowships for U.S. Citizens at the Bar Ilan University

Academic Years 2023/24 and 2024/25

Prof Rachel Dekel's group has several openings for postdoctoral positions. The lab is focused on understanding the effects of trauma and especially PTSD on family relations. Projects include a clinical trial on Couples' intervention, observatory data on couples' discussions, physiological data and survey-based data.

A strong background in understanding trauma and/or family relations, statistical background and academic writing experience is required.

Benefits of the Fulbright grant:

- ☐ Stipend: \$95,000 (\$47,500 per academic year for two years)
- ☐ Reimbursement of airfare expenses for Fulbright fellows (and spouses)
- ☐ Partial reimbursement of children's education expenses and fees
- ☐ Additional relocation reimbursement of up to \$9,000 granted by the Bar Ilan University.

Apply by September 15, 2021
